10PPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular,
10BJECT to the definition of "inordinate amount" which restricts the availability
and the right to obtain medically necessary compounded medications by limiting
the number of prescriptions that can be shipped across state lines from specialized
compounding pharmacies.

COMMENTS: I am happy dealing with Medium
Pharmacy. I know exactly the correct
amount of H.R.T. is needed by me.
I resent being told where and with
whom I should purchase my medi-
cation. I rarely ever was made aware
of how much medication was proper
for me by any doctor. I took
standard dosages and was never
checked as to the results before I
came in contact with "Women's Health"
